**Summary of reasons
for classification:**

The publication *Pussyman Auditions 9* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The publication is a DVD containing explicit sexual material contrived for the sexual arousal of viewers. The scenes are dated (from the early 1990s) and focus on adult men and women engaging in sexual activity, under the premise that the women are auditioning for roles in adult films.

The DVD was submitted by the New Zealand Customs Service along with 22 other *Pussyman Auditions* DVDs under 13(1)(a) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act), to determine whether they are objectionable in terms of s3. The video versions of the first two titles in the same series as these DVDs had previously been classified as objectionable (OFLC Refs 9600764 and 9600760).

The strong and explicit sexual content of the publication requires a restriction to an adult audience to avoid any injury to the public good. The material is likely to disturb children and to influence young people's developing attitudes to sex and relationships in a negative way. Adults are able to put the potentially degrading, demeaning and dehumanising elements of the publication into context. This classification represents only a minimum interference with the freedom of expression as guaranteed under s14 of the New Zealand Bill of Rights Act 1990.
